First quarter 2006 announced!

We are very excited about the announcements of the figurines for the first quarter 2006!

In our newsletter of November we mentioned it: Ariel will be the new Membership Gift Sculpture for 2006. The figurine will be accompanied by a litho and a cloisonné pin.

Just like last year there will be a scene completer for Ariel: Scuttle. Scuttle can be bought from January 1, 2006 until March 31, 2007.

The Disney feature "The Fox and the Hound" celebrates its 25th anniversary in 2006 and in honor of this anniversary there will be a set of Todd and Copper. This set has been made by a new sculptor for the Walt Disney Classics Collection, namely Tony Cipriano.

For the first time as well, the Disney cartoon "Donald gets Drafted" makes its appearance in the collection: Donald and Pete are playing the main part.

Two figurines will be limited to production in 2006 only: Jafar and Iago "Villainous Vizier" and Chef Louis and Sebastian "Zut Alors! I Have Missed One!". Chef Louis premieres in the Walt Disney Classics Collection. We have seen Jafar in 1998 without Iago.

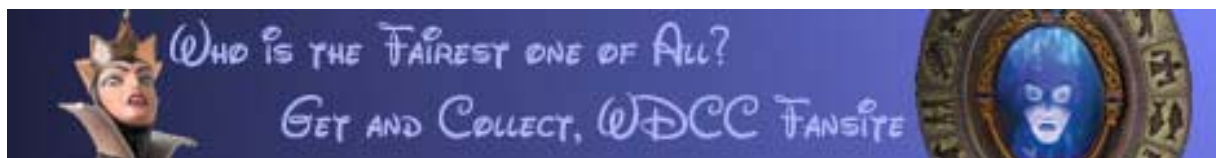

The "Of Dreams & Magic"-series gets its fourth addition: Pinocchio and the Blue Fairy will be added to this wonderful series. The figurine can be ordered by members only from January 1, 2006 until March 31, 2007 at your dealer.

Nemo and Gurgle will be a members only figurine as well: this sculpture can also be ordered from January 1, 2006 until March 31, 2007 at your dealer. Nemo and Gurgle fit perfectly with the other figurines from the Aquarium-scene, which were released in December.

The popular "It's a Small World"-series expands with India "Aashirwad". The sculpture will be accompanied by the Taj Mahal, which is made of resin.

The Spotlight Collection gets two new additions: Pluto "A faithful Friend" and Winnie the Pooh "Silly Old Bear". In 2006 it will be 80 years ago since the first book of Winnie the Pooh was published and it will be 40 years ago since the first Disney feature of Pooh was released.

March brings a special figurine of Snow White and her prince. We can see Snow White dancing with prince charming: this is a so called "Lost Moment". This scene was originally drawn for the movie, but has never made it in the end-production. Years later (22 to be exact) this scene was used in Sleeping Beauty and was called "A Dance in the Clouds".

Jaq and Gus will be the scene completer for Lucifer "Catnap Interrupted" (released in 2005). These miniatures are made of bronze and were created by a new Walt Disney Classics Collection sculptor, Jacqueline Perreault Gonzales.

Check out the new figurines with larger pictures on our website (on the [releases-page](#)). Price information and sculptor information will also be available. Information on the sculptors can be found at our special [sculptors-page](#)!

Spring Event sculpture

From March 24 until March 26, 2006 there will be a Special Spring Event at the dealers. Stitch is the main character during this event. The figurine is called "Greetings from Paradise" and is based on a concept of Dean DuBois (one of the creators of "Lilo and Stich"). Jacqueline Perreault Gonzales has sculpted Stitch and he will be available in a Limited Edition of only 4000 pieces.
