Roy E. Disney and the Walt Disney Company reunited

On July 8, 2005 it was announced, that Roy E. Disney (Walt Disney's nephew) and the Walt Disney company had resolved their differences. Roy had earlier made clear, that he wasn't happy with the course the Disney Company was sailing and he resigned his commission as a member of the board of directors to be able to openly protest against the Walt Disney Company. Now, Roy E. Disney is appointed Director Emeritus and consultant.

You can find more information on Roy's website: www.savedisney.com.

Fall Event 2005

On September 24th and 25th there will be a Fall Event at the local dealers. The main theme of this Event will be the 50th anniversary of the Disney feature Lady and the Tramp.

The figurine will be released as a numbered limited edition of only 4000 pieces, so, each dealer (worldwide) will be assigned only a small number of sculptures.

Reserve your piece at your dealer early, so you won't be disappointed!

Holiday Card release

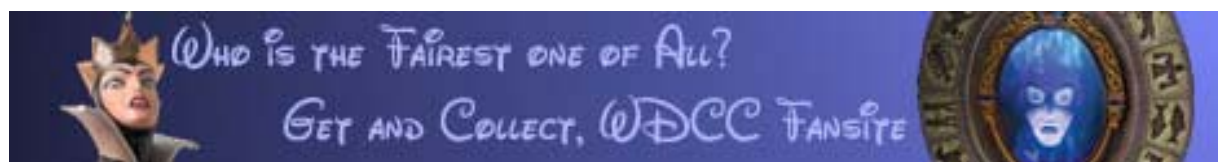

Some of you may have noticed already, that there wasn't announced a new figurine from the Holiday Card-series for the third quarter. The first two releases were both announced in July 2003 and 2004. But ... don't worry! The new sculpture is planned to be released in October 2005 and it should be announced in September when the figurines of the fourth quarter will be revealed.

Naturally, we will keep you updated on the new releases through our newsletter, the [forum](#) and the [releases-pagina](#)!

WDCC Gossip

Once again we bring you a new WDCC rumor! It is being said, that there will be a new Villains-set for 2006. The scene would depict Anastasia, Drizella and Lady Tremaine as they are walking to their coach that will bring them to the ball.

Lilo and Stitch

Last June the new figurines of the third quarter were announced and along with them was a new set of Lilo and Stitch.

There have been many questions asking if this is a real scene from the animated feature. And ... yes it is! At the end of the movie a few "family-scenes" are being showed and one of them is the scene of Lilo as Witch and Stitch as a Vampire.

Olszewski Main Street USA collection

Although the Main Street USA collection is not WDCC, we get a lot of questions about it and that's why we mention this wonderful collection in our newsletter.

The Main Street USA collection consists of miniature buildings from Disneyland. Recently, a new miniature of the "Disneyland Train Station" was released. There are some spectacular buildings planned to be released: Fantasyland's "Tea Cups Ride", Adventureland's "Jungle Cruise" and Tomorrowland's "Astro Orbitor".

Robert Olszewski has been asked to do Walt Disney World's Main Street as well. The first WDW building will be "Cinderella's Castle".

Extensions website Get and Collect

The website has undergone some "cosmetic" changes: it is not necessary any longer to download the Disney font to be able to fully enjoy the website. Also, we have changed the buttons to the different sections and they have now a special WDCC-look. We have added some new wallpapers for the desktop as well.
